MUUTO

NEW
PERSPECTIVES
ON SCANDINAVIAN
DESIGN

Muuto is rooted in the Scandinavian design tradition characterized by enduring aesthetics, functionality, craftsmanship and an honest expression.

By expanding this heritage with forward-looking materials, techniques and bold creative thinking, our ambition is to deliver new perspectives on Scandinavian design. In fact our name, Muuto, comes from *muutos*, meaning new perspective in Finnish.

We handpick leading contemporary designers who are strong interpreters of our philosophy and combine their talents with the passionate Muuto creative team.

You will know our design because it has *muutos*: objects made sublime through new perspectives, enjoyed across the world, representing the best of Scandinavian design today.
