

FIBER SIDE CHAIR – A-BASE

ISKOS BERLIN ON THE DESIGN “One of the most difficult and noble disciplines is to design without eccentricity, creating simple, well-functioning and almost ordinary objects that nevertheless have strong identities. We designed Fiber Side Chair to do just that through a clear sculptural language that refuses to compromise on comfort. It’s a chair stripped of all unnecessary layers. The iconic form marries soft, embracing curves with an innovative wood fiber composite, giving Fiber Side Chair a unique expression and tactile texture.”

DESCRIPTION

The Fiber Side A-base Chair has the same light expression as the Fiber Side Chair, but with a stackable base, which makes it an ideal contract market chair. By stacking onto the a-shaped chrome base instead of the seat, the fiber seats and upholstered seats avoid scratches or pressure marks.

A family of chairs, with a bio-composite material with up to 25% wood fibers. Designed to balance maximum comfort with minimum space. The chair has a visual light expression and allows great freedom of movement for the user. Up to 20 chairs can be stacked together (15 chairs on a trolley).

PRODUCTION PROCESS

The wood fiber and plastic blend is injected into the mold, forming the chair's shell. The base is chromed steel tube (chrome III).

MATERIAL

Shell consists of a wood and plastic composition with up to 25% wood fibers. Remix textile from Kvadrat. The Fiber Chair family is partly made from a natural material - variations in color can occur.

CLEANING AND CARE

Clean with a moist cloth. If necessary use a little dish soap on the cloth. For upholstery versions, please find cleaning instructions for your chosen textile at kvadrat.dk

SPARE PARTS

Plastic glide included. Felt glides sold separately.

MADE-TO-ORDER

Non-standard colored chairs are made-to-order. The chairs can be upholstered in all colors from Kvadrat's Remix, Steelcut, Steelcut Trio, Canvas, Clara, Hallingdal, Divina MD & Divina Melange textile series, in all Wooly colors from United Fabrics, in Refine Leather, Endure Leather and Easy Leather.
