

# CONNECT BED NEW COLOURS

Design by Leif Jørgensen

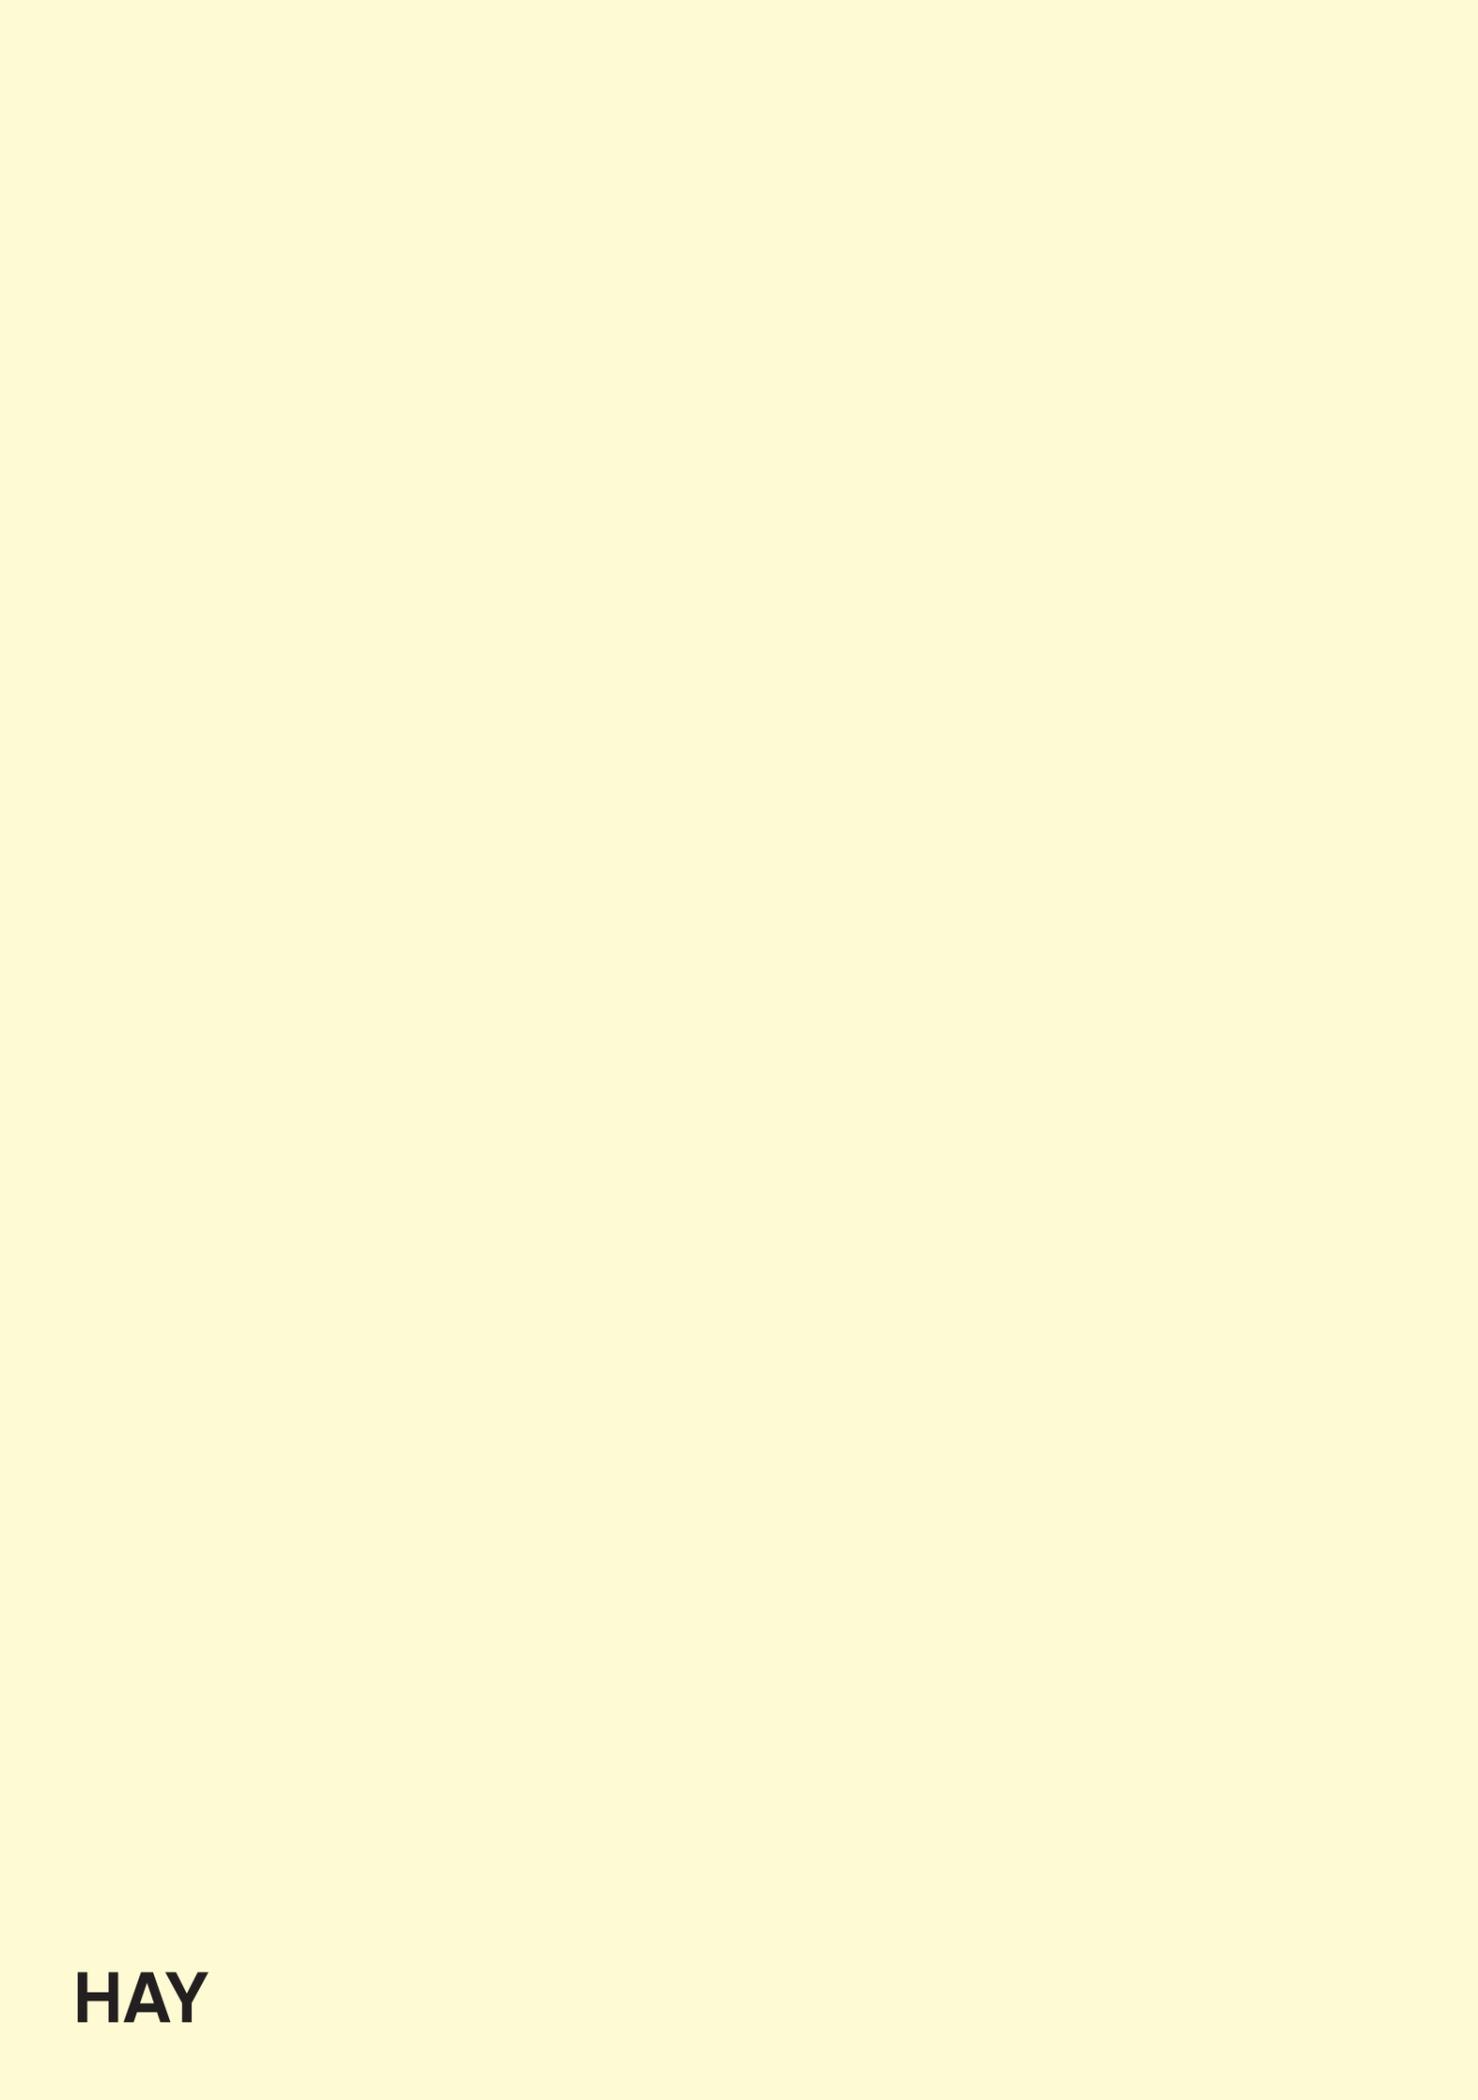

## Connect Bed | New colours

Leif Jørgensen's Connect Bed combines traditional craftsmanship methods with high-tech tools and processes to create a razor-sharp design with pinpoint precision and an easy-to-assemble construction. The range of colours – including new shades in Maroon Red, Deep Blue and Alabaster – elevates Connect's uncluttered aesthetics and modest expression, making it easy to integrate in most bedroom styles and décor. HAY recommends using Standard Bed Slats and Standard Mattresses with Connect Bed for the optimal complete solution.

## CONNECT BED

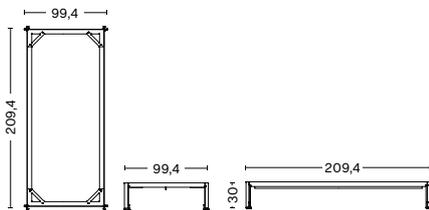

DESIGN BY LEIF JORGENSEN, 2016

Connect Bed takes the idea of traditional craftsmanship methods combined with the computer-controlled, high-tech tools and processes which have now become commonplace in the contemporary designer's world to create a minimalistic, industrial look. The result is a razor-sharp design with pinpoint precision and an easy-to-assemble construction. Embedded in the bare frame, the screws become an interesting detail in themselves, with the joints displaying references to conventional carpentry work. Available in different size and colour options, Connect's uncluttered aesthetics and modest expression make it easy to integrate in most bedroom styles and décor. HAY recommends using Standard Bed Slats and Standard Mattresses with Connect bed for the optimal complete solution.

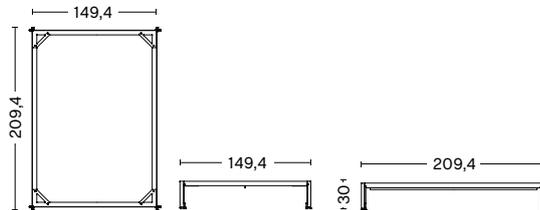

### HIGHLIGHTS

- A minimalistic bed frame with an industrial look.
- Functional, flat-packed, and easy to assemble.
- Available in a variety of sizes and colours
- HAY recommends using Standard Bed Slats and Standard Mattresses with Connect Bed for the optimal complete solution.
- Suitable for a wide variety of private and public environments.
