info@houe.com

HOUE is a Danish design house founded in 2007. We combine great comfort and design in our work. Therefore, we always put a lot of effort into our product development striving to meet a high standard.

Our products are manufactured only on well established factories with whom we have worked closely for several years. Our products are not random mass production – every detail, joint or component in our furniture is thoroughly selected or invented by our experienced HOUE team to make a unique product.

We are driven by affordable luxury as a philosophy, by choosing the right materials and solutions. We draw from a proud heritage of Scandinavian design and craftsmanship with mass appeal.

HOUE offers both an outdoor and indoor collection, always meeting our high standards in terms of design, price, and quality.
