

LINEAR STEEL ARMCHAIR

THOMAS BENTZEN ON THE DESIGN “The Linear Steel Armchair brings new perspectives to modern outdoor furniture through its straight lines, folded edges and the contrast between its sturdy materiality and organic, soft form. The design is made unique by its half-circular intersecting legs and small spacing in the seat for easy removal of water, making the Linear Steel Armchair visually clean for long-lasting aesthetics. The Linear Steel Armchair is a stackable design in powder coated steel for a matte look and contemporary feel, paired with its subtle detailing and slender armrests for an elegant expression.”

DESCRIPTION

The Linear Steel Armchair is designed with clean, elegant lines and subtle details for a modern expression. Linear Steel Armchair stacks up to 5 chairs on the floor.

MATERIAL

The chair is made from galvanized steel with a weather-resistant deep matt, UV-resistant powder coated finish, making the chair suitable for outdoor use. Plastic glides for outdoor use.

CLEANING AND CARE

When cared for properly, the Linear Steel Series is designed to last. Follow these simple rules to care for your design in the best possible way. Clean the chair with a damp cloth after use. If necessary, use a mild detergent or dish-washing liquid, not concentrated. Always wipe with a dry cloth afterwards. To minimize the risk of stains and marks, liquids, grease etc. should be removed straight away. Lacquered surfaces can get scratches and chips if hit by other hard objects.
