09A W: 27, D: 27, H: 37 (outer corners)

Frame Powder coated steel (black)

Knobs Wooden | Steel

Solid oak Powder coated

Technical features

Frame

Hook coat rack frame is made from bend steel rods. It has a powder-coated and fine structure granulated surface finish available in black color.

Metal knobs

Smaller steel knobs are welded to the frame structure and also available only in black powder-coated finish, while larger steel knob has three color options (black, green, pink) and is used for mounting, as well as a wooden knob.

Wooden knob

The solid oak knob has a metal base in the same powder-coated color as the larger metal knob. The wooden part has laser engraved branding on the inside and is available in plant-based Hardwax oil finish (white oil color), which retains wood natural state. Hanger bolts and plastic dowels needed for mounting are included in the packaging.

Cleaning

Please see Product or Material page on our website.

Notes to consider

The dimensions shown in this document are indicative, they may vary due to the natural properties of wood, season, or manufacturing processes, for these reasons deviations from the specified size may occur, usually no more than 1 cm.

Natural variations in wood color and surface may occur. Regular maintenance will ensure the wood preserves its authentic beauty and can last for generations.
